Capt. J. E. Smith brought the Cherokee down Thursday from his landing thirty miles up the river in one hour and forty-five minutes. This was Captain Smith's first trip since he took the measles some two months ago.

The river was on something of a boom the first of the week and reached about the 8-foot gauge, but is now back within its banks. It got out into the bottoms in places but nothing like it formerly did a few years ago when it would run from hill to hill and was a mile wide in places.

H. O. Tieman, who taught the seventh grade of the Doniphan public schools, the past term, was elected superintendent of the Naylor schools at a meeting of the school board of that district the past week. He is at his old home, Higginsville, Mo., now for his summer vacation.

All who intend going to Little Rock, Arkansas, to the Confederate Reunion, leaving here on the 15th, a week from next Monday, should give their name to Col. W. H. Righter. Agent Burford has told him that if there is an assurance of as many as fifty persons going from this station that a special car will be obtained and will make the trip without change from here. The round trip fare will be \$3.95, and there is a large number going, a great many more than fifty, but they have not turned in their names yet. Be sure and do so right away so the car can be here for the noon train Monday, 15th. No. 3, fast line train on the main line, will be caught at Naylorville and will arrive at Little Rock the same evening.

R. T. Largent of Macon county, Illinois, who recently purchased the planer outfit and other machinery of the T. L. Wright Lumber Co., is having the buildings overhauled and fixed up. George Gregory is putting up a small sawmill on the bank of the slough where the old big mill stood for the purpose of sawing up a lot of logs that have been banked and in the slough for some time, and he will saw out a bill of timbers for a new big mill that will be erected there shortly. Mr. Largent, who is a practical mill man and has been engaged nearly all his life in the business, is the principal owner of the outfit now, the other owners holding but a fractional interest in the plant. Mr. Wright still retains his interest in the lumber on the slough, and in his timber and lands along the river, but the mill machinery is controlled by the new purchaser and it is his intention to make things move down in the old mill-yard before long.

Attorney Geo. D. Sloan had business at the bluff this week.

C. E. Austin dropped into town Thursday and is at work at the Prospect-News office.

Chester Wright is at home from the bluff where he has been employed for some months.

Miss Beula Short, daughter of W. F. Short of Short, was shopping in the city Thursday and returned home on the Cherokee.

Attorneys Ferguson and Butler were at Naylor the first of the week trying a case in the local court, for obstruction of a public highway.

W. A. Pearce returned from his trip to Massachusetts and Washington City the past week. Mrs. Pearce will return about the middle of the month.

Boone County White and Red Cob St. Charles seed corn at Ferguson's.

Tom Boyet, who had his work team stray away from his place on Beaver Dam the first week in April, and advertised for them in last week's issue of the county papers, found them Saturday down in the south part of the county. He had hunted the county over for them for three weeks, and then came in and advertised and a man living in the south part of the county saw the notice, notified him where his horses were, and he went and got them. Nothing like printers ink.

Prosecuting Attorney J. F. Fulbright left yesterday for Farmington, where he goes to appear with other attorneys for the State in the case of the State vs. Ed Swain and Bagwell, the asylum attendants who are charged with assaulting and causing the death of J. F. Taylor, an inmate of the asylum from this county. The preliminary hearing will begin today. Assistant attorney general Charles Revell, the prosecuting attorney for St. Francis county and Mr. Fulbright will represent the state in the case.

The lay membership of the Walnut street Baptist church gave their second annual banquet at the church last evening, and there was not only a large attendance of invited guests but the occasion was one of the handiest ever given in this city. The short talks by the deacons of the church were interesting and instructive and helped along the good fellowship feeling that prevailed throughout the meeting. The banquet feature was a feast of good things to which everyone paid their respects and enjoyed thoroughly. Such occasions do much to bind in friendship and fellowship the brotherhood of man and the result can be nothing but good to the church and the community. Rev. Rogers, the pastor of the church, has been an untiring worker ever since his advent here and his efforts are appreciated not only by his membership but also by the church-going Christians of every denomination in the city.

### A fathers vengeance

Would have fallen on any one who attacked the son of Peter Bondy of South-Rockwood, Mich., but he was powerless before attacks of kidney trouble. "Doctors could not help him," he wrote, "so at last we gave him Electric Bitters and he improved wonderfully from taking six bottles. Its the best kidney medicine I ever saw." Backache, tired feeling, nervousness, loss of appetite, warm of kidney trouble that may end in dropsy diabetes or Brights disease. Beware: Take Electric Bitters and be safe. Every bottle guaranteed. 50 cents at Johnstone's Pharmacy.

What is looking fine throughout the country.

### Balked at cold steel.

"I wouldn't let a doctor cut my foot off," said H. D. Ely, Hantam, Ohio, "although a horrible ulcer had been the plague of my life for four years. Instead I used Buckle's Arnica salve and my foot was soon completely cured." Heals burns, boils, sores, bruises, eczema, pimples, corns. Surest cure. 25c at Johnstone's Pharmacy.

### Starts much trouble.

If all people knew that neglect of constipation would result in severe indigestion, yellow jaundice or violent liver trouble they would soon take Dr. King's new life pills and end it. It is the only safe way. Beware for biliousness, headache, dyspepsia, colic and indigestion. 25c at Johnstone's Pharmacy.
